## HYDROSPARK+

Purity Meets Sparkle.

## SAY HELLO TO HYDROSPARK+

### THE FUTURE OF SPARKLING WELLNESS

HydroSpark+ brings the joy of sparkling water home — pure, refreshing, and made just the way you like it. Designed by Velta, it combines **NanoPure™ 4-in-1 RO Filtration**, **advanced carbonation**, and **hot-cold versatility** to transform ordinary tap water into something truly revitalizing.

## ALL YOUR WATER NEEDS, ONE SMART SYSTEM

From your morning brew to cooling off after a hot day – and that perfect sparkling refreshment in between – HydroSpark+ adapts instantly.

### FOUR WATER TYPES

- Sparkling • Cold
- Ambient • Hot

### INSTANT HEATING & COOLING

Always ready at your preferred temperature

### VOLUME PRESETS

Predefined fills for cups, bottles or quick refills

### SMART REFILL REMINDERS

On-screen alerts for filters and CO<sub>2</sub> changes

### ADJUSTABLE FIZZ

From slightly to strongly sparkling

Cold Water

Sparkling

Ambient Water

85°C Hot Water

95°C Hot Water

45°C Hot Water

## INVISIBLE THREATS. VISIBLE CLARITY.

Plastics and modern pollutants are everywhere — even in the water we drink. HydroSpark+ safeguards your family with **NanoPure™ 4-in-1 Composite RO Filtration**, removing:

- Macroplastics & microplastics
- PFAS (“forever chemicals”)
- Heavy metals & chlorine
- Bacteria & viruses
- Pharmaceutical residues
- Pesticides & hormone disruptors

Purified to 0.0001 µm precision, every drop tastes clean, balanced and naturally smooth — a difference you’ll notice in every sip.

## THE SCIENCE BEHIND THE SPARK

**FOOD  
GRADE**

HydroSpark+ carbonates **after purification**, ensuring every bubble forms in **ultra-pure water**.

The result? Smoother texture, longer-lasting freshness and perfect balance in every sip.

*Each **0.6L CO<sub>2</sub> cylinder** produces up to **100 cups (330 ml)** of sparkling water — delivering lasting refreshment with precision-engineered fizz control.*

**1=100**

## TRIPLE-FUNCTION FAUCET

### All-in-One Convenience:

A sleek single-outlet faucet delivers room temperature, hot, chilled, and sparkling water through one refined design.

### Smart Feedback:

Subtle indicator lights show water type and system status at a glance, blending functionality with timeless elegance.

## AWARD-WINNING CRAFTSMANSHIP

**Winner**

**GERMAN DESIGN AWARD  
FOR EXCELLENT PRODUCT DESIGN (TABLETOP)**

HydroSpark+ embodies harmony between form and function —  
recognized for its intuitive control, graceful lines,  
and emotional appeal.

### SIGNATURE CONTROL KNOB

A precision-machined knob offers effortless navigation – twist to choose water type, volume, or fizz intensity; press to confirm. Every motion feels deliberate and satisfying.

### DYNAMIC UI DISPLAY

A vivid **4.3" TFT screen** pairs with soft animations and ambient light transitions, creating an experience that feels as good as it looks.

## SUSTAINABLE BY DESIGN

Built with an **eco-friendly R600a refrigerant** and **low-energy operation**, **HydroSpark+** cools efficiently while reducing environmental impact — not performance.

### CHILLED TO THE SWEET SPOT

Its high-efficiency compressor keeps water at 4–8 °C, so every sip stays crisp, clean, and refreshing.

### MAKE THE SWITCH THAT MATTERS

Choosing **HydroSpark+** means saying goodbye to single-use bottles — and hello to a smarter, more sustainable lifestyle. Create your own still and sparkling water at home, anytime, without relying on disposable drinks.

A typical family can avoid  
**≈ 3,000 bottles**  
**+ 600 cans a year —**  
**over 15,000 pieces in 5 years.**

**Every sip counts —**  
**for you, and for the planet.**

## SMART CONVENIENCE BUILT IN

Everyday use is simplified for busy homes and offices.

### 1. Effortless Filter Replacement

Twist. Replace. Refresh.

The 4-in-1 composite filter combines sediment, carbon and RO purification for clean, great-tasting water every time – no tools, no hassle.

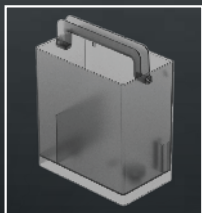

### 2. Ready Cold Capacity

2,000 ml iced water at once

= **8 cups of 250 ml** – great for family or guests

### 3. Flexible Water Supply (2 Modes)

#### **WATER TANK MODE**

*5L hand-carried tank for places without piping*

#### **PIPE-IN MODE**

*Automatic refills for permanent setups*

### COLOUR OPTIONS

Available in two elegant finishes:

**Arctic White:** Pristine and timeless **Graphite Grey:** Sleek and modern

## PRODUCT SPECIFICATIONS

| Specification                     | Details                                             |
|-----------------------------------|-----------------------------------------------------|
| Product Name                      | Velta HydroSpark+ Water Purifier & Sparkling System |
| Product Model                     | VS-10                                               |
| Filter System                     | Composite Filter (PP+PAC+RO+CF)                     |
| Rated Water Purification Capacity | 4000 L                                              |
| Water Production Flow Rate        | 0.52 L/min                                          |
| Power Supply                      | 220 V – 240 V                                       |
| Frequency                         | 50 Hz                                               |
| Operating Water Pressure          | 0.4 – 0.8 MPa                                       |
| Cooling Water Capacity            | 2.4L/H ( $\leq 4^{\circ}\text{C}$ )                 |
| Heating Water Capacity            | 18 L/H ( $\geq 90^{\circ}\text{C}$ )                |
| Ice Water Production Capacity     | 2 L ( $\leq 10^{\circ}\text{C}$ )                   |
| Sparkling Water Concentration     | 6 g/L ( $4^{\circ}\text{C}$ )                       |
| Raw Water Tank Capacity           | 5 L                                                 |
| Waste Water Tank Capacity         | 1 L                                                 |
| Suitable Water Source             | Municipal tap water                                 |
| External Material                 | ABS + Metal                                         |
| Product Dimensions (W×D×H)        | 220 × 508 × 436 mm                                  |
| Net / Gross Weight                | 21.7 kg / 25.5 kg                                   |
| Package Demensions                | 625 x 355 x 560 mm                                  |

Because Your Body Knows the Difference.
